

Company rules

PW Krystian Sp. z

O.O.

I. General principles:

-  The use of open flames is strictly prohibited throughout the site.
-  Smoking is prohibited on the premises.
-  The internal roads on the site have a 20 km/h speed limit for vehicles.
-  Bringing in and consuming alcohol and intoxicants is prohibited.
-  Production and storage facilities must not be entered without the permission of an employee of PW Krystian Ltd.
-  Photography and filming are prohibited in the production and storage areas.
-  Prohibition on touching equipment, machinery, raw materials and products, and on entering the working areas of production lines.

II. Personal protective equipment:

-  Personal protective equipment must be used in production and storage halls.

III. Pedestrian safety rules:

-  Drive on designated traffic routes paying attention to other road users and exercising extreme caution.
-  Be especially careful on wet, slippery surfaces not marked with this sign.
-  Watch out for forklifts - electric drive makes them move quietly.
-  When moving up stairs, hold on to the handrail.

Company rules

PW Krystian Sp. z

O.O.

IV. Dealing with hazards:

-  Have the correct documents and authorisations necessary to carry out the work.
-  Any perceived danger must be reported immediately to an employee of PW Krystian Sp. z o.o. and further act on his instructions.
-  In the event of a fire and no contact with the caretaker, activate the alarm with the manual fire alarm button and notify the relevant services.
-  In the event of an accident, the injured person should be given first aid and the relevant services notified.
-  Emergency Call Centre - 112.
-  Follow the company employee to the emergency exit.
-  Once you have left the building, do not move away from the evacuation assembly point.
-  Evacuation plans, telephone lists, the location of indoor hydrants, main power switches and the location of handheld firefighting equipment, as well as other safety-relevant information, are posted on a safety board at the entrance to the buildings.
- 

V. Environmental protection:

-  Segregate waste according to accepted rules (paper, metals and plastics, glass, bio-waste, mixed waste).
-  Save electricity. Switch on your eco-thinking and switch off unnecessary lighting! Save water.
- 
-  Take care of the greenery, do not pollute the area.
